Shahid Al-Hafed, December 27, 2023 (SPS) - The Permanent Bureau of the National Secretariat of the Polisario Front confirmed that the Moroccan occupier's policy aimed at legitimizing the occupation will reap nothing but disappointment and failure.

The Permanent Bureau reiterated, in a statement concluded its meeting chaired by the President of the Republic, the Secretary-General of the Polisario Front, Mr. Brahim Ghali, the firm belief of the Sahrawi people that

the policy of the Moroccan occupier aimed at legitimizing the occupation will only reap disappointments and failure and will not undermine the Sahrawi state's march towards assuming its seat among the countries at the United Nations level, no matter how much its policy of fallacies and falsification continues.

During reviewing the developments of the internal political, economic and social crisis of the occupied country as a result of the continuation of the aggressive adventure against the Sahrawi people, the meeting noted that Rabat's policy of bribery and selling illusions to get out of isolation through its efforts towards some countries in the regional environment is in complete contradiction with the logic of geography and history and reflects the failure of the expansion project and the imposition of a fait accompli.
